

Vending Machine Addition and Subtraction

Home Link 9-5

NAME _____

DATE _____

Family Note

Today your child added and subtracted prices of items found in a vending machine. Ask your child to explain how to solve Problems 1 and 2 below. Provide pennies and dimes to help your child model each problem.

✂ Rectangular Snip

Please return this Home Link to school tomorrow.

Solve.

- ① How much does it cost to buy a pencil and a toy car?

- ② How much does it cost to buy a fruit bar and a ring?

Practice

- ③ Put together shapes to make 2 new shapes on the back of this paper. Use a triangle, square, and a half circle.
