

What's Your Way?

1	2
4	3

NAME _____

DATE _____

Materials 10 coins, number grid
Players 2
Skill Finding 10 more and 10 less than a number
Object of the Game To get more coins

Directions

- 1 Player 1 names a number on the number grid.
- 2 Player 2 flips a coin.

Find 10 more.

Find 10 less.

- 3 Player 2 stands up and acts out finding 10 more and 10 less.

- 4 Player 1 asks, "What's your way?" Player 2 explains how he or she found the answer.
- 5 If Player 2 said the correct sum, he or she keeps the coin. If Player 2 is wrong, he or she puts the coin back in the pile.
- 6 Switch roles. The player with more coins wins.
